New Volunteers 2019

We have had enquiries about taking over as officers (chairperson, secretary, treasurer) next year of the overall Club ("the Executive") and of Sub Committees. A lot of the same questions have come up so we said we'd do a frequently asked questions (FAQs) that might answer some people's queries:

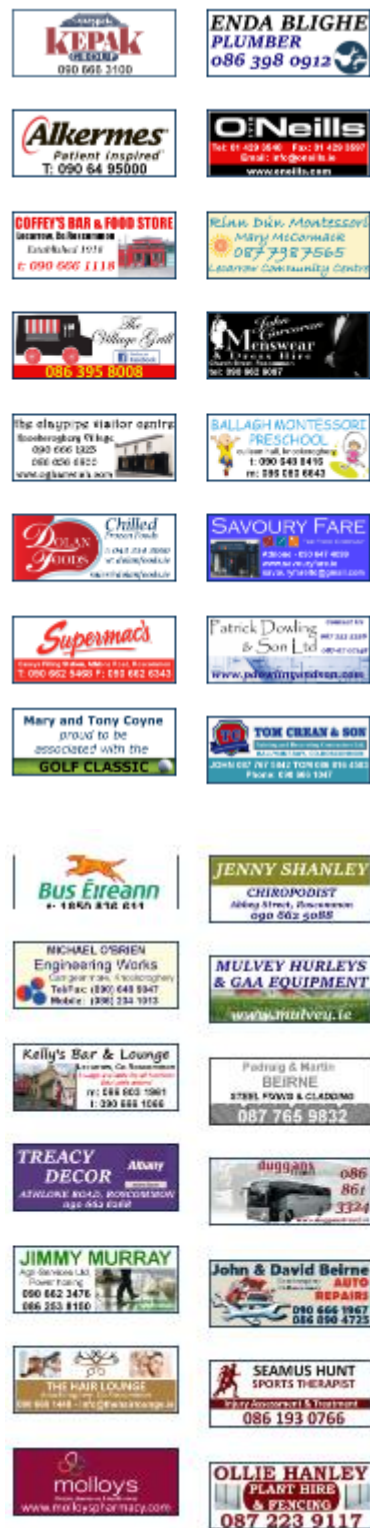

Structure: St. Dominics is organised under the "One Club" principle. While the GAA, Ladies Football and Camogie are separate organisations, they all come under one "Executive" and share resources at St. Dominics, This has many advantages!

Do I need to have been on the Executive Committee before to become an Officer?

No is the simple answer to this. Some of the current officers were not on any committees previously.

Will I have to attend lots of County Board meetings?

No again. The club has dedicated and hardworking delegates who attend and liaise with the County Boards on behalf of the Club and bring the information back to the Club. Nor are the officers required to attend meetings of individual sections unless of course they want to or have been requested to.

How many Executive Meetings are there each Year?

There are around ten meetings each year, usually taking about two hours. This meeting is held the last Thursday of the month, and Sub Committees usually monthly.

“My assumption taking on this role many years ago was that it would be a thankless task but I have been pleasantly surprised and overwhelmed at the level of appreciation and gratitude from most club members who can see that you are working hard and that our intentions are always for the Club.”

“Please support our Sponsors and Supporters.”
